Message from Christine

First of all, before you read the below, it is important for me to make very clear that we, from the Angelic point of view of Unconditional Love, do not hold any judgement or opinion about the personal choices and personal path that any individual has decided to walk.

We state that we do not know, and indeed we cannot know, the bigger picture. What we do know is that everything is Divine, and that Divine Law as expressed through the Angelic Kingdom has no exceptions.

Nevertheless, as Humans we make choices, and then we make new choices. This is a part of being human. It is our intent in Angelic Reiki to embrace the Laws of the Second Ray as written in the 1&2 manual. These Laws state that healing and our spiritual path embrace Love and Wisdom. Also, our healing protocol is deepening our connection to our own Divine Soul.

The Wisdom of today is held in the radical new information and new place in which we find ourselves. It is our responsibility to make our choices from a place of both Love and Wisdom.

It is my intent in this document to bring a new perspective to the work that we do from a place of Love and appropriately embracing Wisdom based on the world as we find it today.

Angelic Reiki is the Healing for Our Time.

Angel Blessings

Christine

Important Note

This document contains important information¹ that you, as an Angelic Reiki Master Teacher and/or Practitioner, needs to know.

It contains information that you should be able to discuss and share with your clients and/or students at their corresponding level of study.

It is therefore important to read through it carefully and then keep it handy for your reference.

In our endeavors to support you, all updates to this, and any other official Angelic Reiki documentation, will be uploaded to the website and all Master Teachers and Practitioners informed by email, so please ensure your details are kept up to date.

¹ Please note – all information contained in and/or referred to within this document is current at the time of writing. Any updates will be made available via email and www.angelicreikiinternational.com

Introduction

In order to continue offering a high standard of professional ethics and purity of energy, we are making you aware of the following information. Please note that we will offer protocols and solutions to the issues we are facing. Some helpful links are in this document, others can be found on the website and further information will be sent out in the next few weeks.

Firstly, to highlight that the First LAW of healing is:

'All disease is the result of inhibited soul life. This is true of all forms in all kingdoms.'

We therefore understand that the function and purpose of Angelic Reiki is re-connection to Soul Self.

'The art of the healer consists in releasing the soul so that its life can flow through the aggregate of organisms which constitute any particular form.'

'Aggregate of organisms' means you, and all living things on this Earth.

The current information is that the Covid 'vaccine' affects the DNA and causes a disconnection from the soul. This is not new; all vaccinations have had an atrophying effect on the thymus gland which is the corresponding gland to the Higher Heart centre. This brings the role of Angelic Reiki and all The Foundation of Cosmic Fire modalities, into stark focus in today's world.

Here we consider how we practice and teach going forwards, and also our role in reconnection to the soul.

The Issues

The so called 'vaccine' for Covid 19 is in fact an experimental, untested injection which cause genetic modification. It is officially described as an 'operating system'. For further information please see these statements from doctors <https://planetlockdownfilm.com/full-interviews/>

There are two side effects of this injection which must be considered. As mentioned above, there are solutions, but we must understand the problem first.

Firstly, the genetic modification causes a significant disconnection from the Soul and the Earth, a diminished life force and compromised emotional responses. The degree to which this occurs varies greatly from person to person, but it is difficult for each person to get a sense of how much this has occurred for them.

Secondly the spike protein that is created in the 'vaccinated' person causes contagion which passes the health damaging side effects typical of the 'vaccine' on to others. For further information see this short video by the renowned Dr Sherri Tenpenny: <https://vimeo.com/544366368/056dedf320>

Protocols

Professional Practitioners

Carers in all the field whether they be nurse, or spiritual healers are experiencing the effects of the phenonium know as 'vaccine' contagion. The issue here is energetic protection for the practitioner. It is also a personal choice as to whether to accepted 'vaccinated' clients or not. Each practitioner, however, should be experienced in creating a good energy for the healing space and protection for themselves. It is only reasonable for you, as a practitioner to enquire if your client has been 'vaccinated'. The following personal protection practices are offered specifically for the Covid 'vaccine' contagion:

- The Black Flame
- The Star-Tetrahedron
- Pine Needle Tea

Please see APPENDIX 1 for details on each of these.

We do not know at this point what effect the 'vaccine' has on our ability to connect in consciousness to the Angelic Healing Energy or the holding of the space.

If you have had a vaccination, please monitor your energy very carefully. The affect varies a great deal, and we recommend assessing your percentage of disconnection. Please contact our support group for advice, the contact details of which will be advised in the next few weeks.

It is only right that any prospective client is informed that you have been 'vaccinated'.

We are working on a new healing method to counter the effects of the vaccination. The information we have so far is below (see *Angelic Reiki Re-Connection Healing*).

Master Teachers

So that we can act appropriately, the welcome message for a workshop and appointment booking for a client needs to ask about vaccination as well as drug use. There is a new version for teachers added here as **Appendix 2**.

Because of the two points mentioned in *Issues* above, each Master Teacher needs to consider if they should hold a workshop with a mix of 'vaccinated' and 'non-vaccinated' participants. Perhaps teaching as two separate groups will be easier, safer, and more effective energetically.

If you do have a mixed group, each participant must be given all the information and links to websites and podcasts about contagion and compromised soul connection. The key links

are found in **Appendix 3** of this document. More can be found on the website under *Inspiration* which also includes my Sunday Zoom Sessions.

There are two issues to consider:

- **If the group is mixed or 100% 'vaccinated'**, how to protect each individual in the class from the 'vaccine' contagion. **Appendix 1** details three special personal protection practices, so perhaps a pre-workshop Zoom session could be held to discuss the situation with participants and teach the protection protocols.
- **There is no guarantee that the healing exchanges will properly take place.** The function of the healing exchanges is both as a learning experience and as a deeper integration of the attunements. Both these may be compromised. We do not have any more information at the moment but I will send a message out when we do. My only comment at the moment is to highlight the role of the Master Teacher in holding the healing space to facilitate the energy. (Please see *Principles and Practice of Holding the Space* in the Master Teacher's manual).

I think that there is a strong case for recommending that a group should be either all 'vaccinated' or all 'non-vaccinated'.

Please see APPENDIX 2 for the new Student Welcome Message.

Please see APPENDIX 3 for the new Student Information Document.

Personal note for Master Teachers

We do not know what the issues are for a 'vaccinated' Master Teacher. This is a challenging situation. You may not be aware of any degree of disconnection. It cannot be assessed by the individual. Any level of disconnection will have an effect on attunements, the holding of the space, and function of a healing.

I am deeply sorry to say that this seems to be the situation as far as we know at the moment.

We are working on a new healing method to counter the effects of the vaccination. The information we have so far is below (see *Angelic Reiki Re-Connection Healing*).

Insurance Implications

There is very little clarity regarding this at the moment so you may want to contact your insurance provider. Some people are saying that the use of a procedure that is not FDA certified as safe annuls any insurance. There are fitness centres that will no longer accept 'vaccinated' people because there is no accident insurance.

If you find out you are not covered, it is totally your choice whether to go ahead with the consultation or workshop or not. You may want to consider sending a disclaimer for liability.

Angelic Reiki Re-Connection Healing (ARRH)

After all the above challenging information, we are very excited to let you know that we have been given a new healing method which has the potential to antidote the effects of the 'vaccination'. The 'we', in this case, is a group of 5 plus me. We have been researching and meeting weekly to refine and ground this process the Angelic Kingdom has revealed. I wish to say a big thank you to the team.

I want to say first of all, that from the Angelic point of view of Unconditional Love, we do not hold any judgement or opinion about the personal choices and personal path that any individual has decided to walk.

We do not know, and indeed we cannot know, the bigger picture. What we do know is that everything is Divine, and that Divine Law as expressed through the Angelic Kingdom has no exceptions.

Nevertheless, as Humans we make choices, and then we make new choices. This is a part of being human and it is our intent in Angelic Reiki to embrace the Laws of the Second Ray. These Laws state healing embraces Love and Wisdom.

The Wisdom of today is held in the radical new information and new place in which we find ourselves and it is our responsibility to make our choices from both a place of Love and Wisdom. This is what we are endeavouring to do in this document.

The Training

If you are a practitioner or teacher please consider if this is something that you would like to learn. It is a healing that incorporates Metatronic elements from the *Golden Heart Merkabah of Creation* workshop. Although it would be helpful to have done that workshop it will not be vital. At the moment the ARRH needs to be facilitated by 'non-vaccinated' practitioners.

This healing is not just for someone who has done Angelic Reiki, it is for everyone; but there are specific requirements of the recipient.

The ARRH does in fact take Angelic Reiki to a new level perfect for 'The Healing for Our Time'.

The Path of Re-connection to Soul-self

If you as a practitioner or teacher and have been 'vaccinated' and would like to proceed down the path of re-connection, you will need to consider the following in full carefully and seriously:

- You passionately, without hesitation desire this soul's reconnection and You are devoted to doing anything to make it happen.
- The vaccination was taken by You without informed consent.
 - Discussion has found many circumstances for the lack of information available to individuals and includes those who feel obligated due to their individual lives.

- Reconsidering your choice to be 'vaccinated' may bring up feelings of regret, but in order to reconnect, there needs to be compassion and forgiveness.
- The physical body and soul can reconnect with an agreed contract of Consent, Love and Permanence
- The physical body will be at a lower vibration until the soul is reconnected to the physical body therefore the process will need great determination.
- The soul has not decided to formally leave the body energies and go home.
- There will need for total commitment to ongoing cleansing and spiritual practises.

If you, as a practitioner or teacher, have been 'vaccinated' and wish to reconnect through this new ARRH please contact our support group, the contact details of which will be advised in the next few weeks.

Introduction

The symptoms I am personally experiencing when close to a 'vaccinated' person include a headache at the top of my head and/or anxiety and feeling panic and/or very ungrounded and/or dizzy. The protection that is working for me is to use a combination of the *Black Flame* and *star-tetrahedron*. I am also making pine needle tea.

The Black Flame

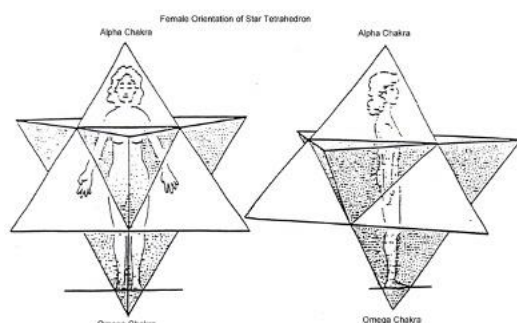

The idea of the Black Flame was channelled by Magenta Pixie. Information on this can be found in this video. The information specifically relevant for the Black Flame starts at 14 minutes:

<https://rumble.com/vgdex1-jay-cambell-and-magenta-pixie-the-frequency-war-maxines-and-more.html>

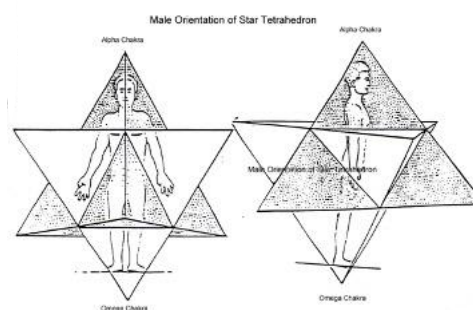

The Star-Tetrahedron:

The shape of the *Star-Tetrahedron* is that of two (2) *Tetrahedrons* (*triangular pyramids*) intersecting each other creating the star shape. Visualise the top point in the Soul Star and the bottom point in the Earth star but note the *Star-Tetrahedron* is orientated differently for males and females.

- Male Orientation is with the point at base in front; point at chest area in back.
- Female Orientation is with the point at base in back; point at chest area in front.

Female orientation

Male orientation

Process

The process to apply this protection is similar to the visualisation of the *Golden Pyramid of Light* (linking right hand to higher heart centre to left hand and back to right hand) and the *Golden Diamond of Light* (linking Earth Star to right hand to Soul Star to left hand and back to Earth Star) you would have undertaken in your Angelic Reiki attunements.

- Step 1. Visualise, draw or pretend that this shape (*Star-Tetrahedron*) is around you. Just like the pyramid and diamond lines of golden light in the attunements mentioned above.
- Step 2. Fill it with any colour you wish.
- Step 3. Pretend that it is like a one-way mirror. You can let love flow out, but no contagion can come in.

Pine Needle Tea

I also came across this document about a Pine Needle Tea as a possible antidote for the spike protein contagion which I find interesting to try:

Other

It is important to use your own intuition and resources and do all lifestyle procedures that maintain a high level of immunity: nutrition, exercise, sleep, spiritual practices, etc.

Appendix 2 - Acceptance Letter

All students must receive the following letter before taking the 1&2 workshop.

It can be sent as an email or an attachment to an email.

Available for download by Registered Teachers at www.angelicreikiinternational.com

Dear Workshop Participant,

In order to be able to support participants on the life changing workshop please would you read the message from Christine Core below and let me know if there is anything you would like to discuss.

Dear Angelic Reiki Participant.

During the spring of 2007, the energy of Angelic Reiki went through a transition and was experienced by workshop participants in a more pure and potent way. This divine energy, by its very nature, creates balance; thus, searching out everything within our consciousness, physically, emotionally and spiritually, that compromises us embracing the truth of our own divinity.

*As you may have realised from the website, our teachings and practices are based on The Ancient Wisdom. In the ancient times, "students" had to commit to a time of preparation before receiving initiation. Today, with the fast pace with which everything is moving, it is not appropriate to do as Pythagoras for example did, by asking his students to be in silence for three years before entering his school. We therefore just ask you to hold in your consciousness the sacredness of the work we are to do. This includes embracing all personal changes and clearings that will present themselves to you in the time running up to the workshop. People do experience, to varying degrees of intensity, physical, emotional and spiritual clearings. If any of these clearings present a problem to you, please contact your teacher **{teachers, add your email address and/or phone number here}** who will do whatever I can to support you and give you an insight into the process.*

I give no specific advice as to diet or lifestyle leading up to the workshop, but just ask you to be open to your own guidance and embrace whatever feels right for you.

Because of the cleansing purity of the energy that is now contacted in Angelic Reiki®, we have been shown by past experience that it is important our participants advise their teacher of the following:

- Are you at the present, or in the past, taking any prescribed psychotropic medication (for example antidepressants) or used alcohol or recreational drugs? (IT IS STRONGLY ADVISED TEACHERS ARE INFORMED. We take no responsibility for any problems that may arise).*
- Have you been given/received/been inoculated with any of the Covid 19 vaccinations?*

Please reply to this e-mail to let your Master Teacher know that you appreciate and embrace what we have been guided to pass out to all our students.

Love and Peace Always,

The Foundation of Cosmic Fire

You may be familiar with the following information. If not, some of it may come as a shock. I strongly advise you to visit the links mentioned in this document for further information and background.

We are in absolutely unprecedented times and for most of us many things that are happening now were unthinkable only a few years ago.

Angelic Reiki, and all the workshops we hold follow the spiritual principle that healings and changes come from Love and Wisdom. Wisdom is founded on knowledge and discernment. This document has been created to offer the information that we believe is true and relevant. If, after doing your own research based on the links I have included here and through your own resources, you do not concur with our information and conclusions, then I invite you to consider that Angelic Reiki, and our other workshops, are not for you.

Background

On the December Solstice of 2020, the age of Pisces came to an end and the age of Aquarius began. It was a pivotal point in human history and is turning out to be more memorable than 2012. It was a point of choice and parting of the ways. Would humanity step into its birth right as a sovereign divine being or remain dictated to and controlled by authorities that do not have our best interest at heart.

On the 20 December 2020, there were enough Souls incarnate on the Earth who were willing to claim absolute sovereignty in order to activate the promise of Gaia and the Divine to elevate humanity. It was finally our decision, and enough of us took the leap of faith to make human ascension part of Humanity's future.

BUT this **Ascension** is not an automatic event guaranteed for everyone. **It is just an invitation**; an invitation that each individual has to actively accept.

Daily choices demonstrate in a very practical way which decision each individual made. It is just like you can be invited to a fabulous party, but for it to happen for you, you have to get in the car and go to the party, otherwise it is happening without you.

Here I want to remind you that **there is no vaccination** to protect against C19. **It is an untested trial in DNA manipulation. It is officially described as an 'operating system'.**

² The term 'Workshop' here refers to any and all Foundation of Cosmic Fire Workshops - Angelic Reiki, Golden Heart Merkabah of Creation, Wisdom of Metatron and New Shamballa

This website, <https://planetlockdownfilm.com/full-interviews/> has links to a series of interviews with a wide range of medical and professional people covering the information needed to understand where we are today in regard to Covid 19 and the “vaccinations”. **Please click on the link now and watch a few of the presentations.**

The shocking yet stark proof of which decision was made is acted out through the choice to have, or decline, the C19 “vaccination”. It has unfolded as starkly and divisively as that.

There is a perceived division, duality is the nature of 3D, but the higher perspective is that everything is in Divine order even if we cannot see it. Everyone connected with Angelic Reiki is expected to see everyone in equal respect and compassion. Remember any opinion you might have is your world viewed through your lens.

It has been demonstrated that the way in which this ‘vaccine’ affects DNA causes a disconnection from the Soul. The cord is still just there, but there is little or no Soul presence remaining in that person’s life. On some level this is the choice that many people have made.

In order to continue offering a high standard of professional ethics and purity of energy in our workshops we are making you aware of the following information which are what we believe are the issues we are facing, some solutions and protocols.

The Issues

The so called ‘vaccine’ for Covid 19 is in fact an experimental, untested injection which cause genetic modification. It is officially described as an ‘operating system’. For further information please see these statements from doctors <https://planetlockdownfilm.com/full-interviews/>

There are two side effects of this injection which must be considered. As mentioned above, there are solutions, but we must understand the problem first.

Firstly, that the genetic modification causes a significant disconnection from the soul and the Earth, a diminished life force, and connection to rational emotional response. The degree to which this occurs varies greatly from person to person, but it can be difficult for each person to get a sense of how much this has occurred for them. This disconnection is not a new phenomenon; all vaccinations have had an atrophying effect on the thymus gland. This is the gland that corresponds to the Higher Heart centre our centre of Unconditional Love and connection to our Soul.

Secondly, the spike protein that is created in the ‘vaccinated’ person causes contagion which passes on to others the health damaging side effects typical of the ‘vaccine’. For further information, see this short video by the renowned Dr Sherri Tenpenny: <https://vimeo.com/544366368/056dedf320>

We therefore need to ask all participants of workshops presented by The Foundation of Cosmic Fire (Angelic Reiki, Golden Heart Merkabah of Creation, Wisdom of Metatron and new Shamballa) to let the teacher know if they have received the ‘vaccination’.

Practical solutions and protocol.

Teachers are recommended to not mix 'vaccinated' and 'non-vaccinated' participants and for 'vaccinated' teacher to not teach classes with 'non-vaccinated' participants.

Clients of professional practitioners may wish to ask if the practitioner has been 'vaccinated'.

If anyone is absolutely committed to reversing the effects of the 'vaccination' we do have a procedure. Please contact your Master Teacher for details.
